July 2016-June 2017

Piatt County Office
1020 S. Market Street
Monticello, IL 61856
Phone: (217) 762-7911
Fax: (217) 762-3422

DeWitt County Office
5924 Revere Rd, PO Box 518
Clinton, IL 61727
Phone: (217) 935-3427
Fax: (217) 935-4037

Disease Trends

Many of the roughly 70+ reportable diseases require constant surveillance, while some require reporting within 24-hours due to the threat they present to public health. Communicable disease surveillance involves filing disease reports, partner notification, constant communication with the medical community, and in some cases restriction from work and other personal freedoms.

Suspected/Confirmed Cases	'13-14	'14-15	'15-16	'16-17

Maternal and Child Health Services	
Women, Infants and Children (WIC)	
The WIC program provides supplemental food and nutrition information for low-income women, infants and children in Piatt and DeWitt Counties. Eligible participants include women during pregnancy, postpartum, and lactating periods; and children under the age of five. Participants must meet the financial guidelines established by the USDA and have an identified medical or nutritional risk. Breast feeding support is also available.

Environmental Health Services

The responsibility for the preservation and improvement of the environment; safety of food products, proper disposal for waste products, protection of potable water supplies, elimination of nuisances and environmental hazards in the community. It's estimated yearly in the US, that foodborne diseases alone cause ~48 million illnesses, 128,000 hospitalizations and 3000 deaths. These diseases can affect so many people, which is why it's so important to ensure that the food and water we consume are safe, and that sewage is disposed of properly.
